

Seasonal Vegetables

Latvia

Just one click and you can start your journey to our “Seasonal Vegetable Cooking” course in Latvia.

This is a colourful 3 weeks of being with taste-lovers from different countries - you will cook, create salads and desserts from different seasonal vegetables, fruits and berries.

We will visit markets and companies together.

You will mix colours and flavours and enjoy experimenting with spices.

You will choose a selection of seasonal vegetables to compliment fish and meat dishes well.

Traditional and new ways of cooking and serving will be tried. You will prepare meals for our diners at the school restaurant.

Join our international team!
